Notes:

SCM Policy Section 56.1.4.

Objectives of blacklisting are as follows:
(a) to prevent the Municipality from doing business with persons, business, organisations or entities who abuse the supply chain management system by committing a corrupt, fraudulent, unfair or irregular practice/s;
(b) to prevent the Municipality from doing business with individual persons, business, organisations or entities who default on any contract, performance wilfully or negligently;
(c) to develop a uniform criterion and a fair process for barring such persons, tenderers and business entities who engage in subclauses (a) or (b) above; and
(d) to discourage persons who are blacklisted from re-entering the procurement arena by setting up new business entities and by using existing business entities to tender for work offered by the Municipality during the blacklisting period.

Section 56.1.5

Any restriction imposed on any business entity by Committee may, at the discretion of the Committee, also be applicable to any:(a) partner; (b) manager; (c) director; or (d) other person who wholly or partly exercises or exercised or may exercise control over the business entity

Section 56.9
