2023 FEEDBACK REPORT

This report provides information on your jurisdiction's score on the 2023 Questionnaire, how it compares with others and insights on how to improve climate action and transparency.

Your jurisdiction's reported data has been scored against the CDP Scoring Methodology. Scores are private to jurisdictions, though highest scoring jurisdictions are publicly recognized in our annual 'A List'.

ESSENTIAL CRITERIA

Awareness, Management and Leadership bands have essential criteria which must be met to receive a score within those bands.

For example, regardless of whether all other criteria are met:

- To achieve an Awareness score, Awareness essential criteria must be met.
- To achieve a Management score, Awareness and Management essential criteria must be met.
- To achieve a Leadership score, Awareness, Management and Leadership essential criteria must be met.
- To achieve an A score, Awareness, Management, Leadership and the additional A List essential criteria must be met.

Climate Risk and Vulnerability Assessment	☑	Your jurisdiction has undertaken a climate risk and vulnerability assessment. This is a key component of climate action, and therefore one of the essential criteria of CDP scoring. For best practice guidance to inform future updates and advance this assessment click here.
Adaptation Plan	☑	Your jurisdiction has a plan that addresses climate adaptation. This is a key component of climate action, and therefore one of the essential criteria of CDP scoring. For best practice guidance to inform monitoring, evaluation, progress reporting and future updates to this plan click here.
Mitigation Plan	☑	Your jurisdiction has reported that it has a plan that addresses climate mitigation adaptation. This is a key component of climate action, and therefore one of the essential criteria of CDP scoring. For best practice guidance to inform monitoring, evaluation, progress reporting and future updates to this plan click here.
GHG Inventory	☑	Your jurisdiction has a community-wide emissions inventory. This is a key component of climate action, and therefore one of the essential criteria of CDP scoring. For best practice guidance to inform future updates to your emissions inventory click here.
Adaptation Goal	☑	Your jurisdiction has an adaptation goal. This is a key component of climate action, and therefore one of the essential criteria of CDP scoring. For best practice guidance to track and progress your goal to drive climate resilience Click here.
Mitigation Target	☑	Your jurisdiction has a fully reported mitigation target. This is a key component of climate action, and therefore one of the essential criteria of CDP scoring. For best practice guidance on how to track and monitor progress, including A list requirement click here. For 2023, your jurisdiction was also scored on the strength of its mitigation target.
